

# Organo-T

Organic fertilizer derived  
from tea seed meal

Organo-T is a special mini granule grade soil conditioner with a low nutrient analysis, made from plant extract designed to refine the soil. Organo-T is suitable for all turfgrass areas maintained at heights greater than 6mm. It can be used all year round, but for best results Organo-T should be applied before rainfall or watered in after application.

## Benefits

- Improves root mass and increases nutrient uptake
- Increases plant tolerance to stress conditions
- Encourages faster grow-in and establishment of new grass seedlings
- Maintains plant count entering into a dormant period
- Acts as a biostimulant, which will enhance microbial activity
- Can be applied to all types of turf with mowing height greater than 6mm
- Suitable for all types of soil

## Application

30-40 g/m<sup>2</sup> applied before rainfall or water it in with 12-15mm of water.

## Analysis

Total Nitrogen (N)	1.7%
Soluble Potash (K <sub>2</sub> O)	0.5%
Available phosphate (P205)	1.3%
Contains Tea Seed Saponins	

## PACK SIZE:

# 20Kg
